As part of the 2023 Pavement Management Project, placement of the final lift of pavement will be occurring the week of August 14th with no work occurring on Wednesday due to garbage day, weather dependent. You will always maintain access to the roads and your driveway but there may be slight delays. In order to do the work, **parking is NOT allowed on the street between 7 am and 7 pm. Please park in your driveway or on a street not within the construction limits during this time.**

I apologize in advance for the inconvenience. The contractor will be working as efficiently as possible.
