Open House

Attend a public information meeting on October 11 to provide input on future roadway and bicycle/pedestrian improvements on County Highway 61 and Highway 41 in Carver, Chaska, and Chanhassen. Improvements are planned for phased implementation over the next 10+ years. The map below illustrates the roadway sections under study.

safe and efficient operations on these major roadways into the future.

Please attend the open house to review and provide your input on the improvement recommendations.

Visit the project website for additional details at www.highway4161.com

Project Update

The purpose of the proposed improvements is to address existing deficiencies and ensure

Next Steps

The study phase will wrap up in November with a summary report and a request for resolutions of support from each community. The study report will be available on the project website for public review and comment. Opportunities for additional public involvement will be available in the future when individual projects are funded and scheduled for construction.
