

Event Overview

Thursday, May 6, 2021
5:30 - 7 p.m.

Virtual
Meeting via Zoom

60
Registrants

42
Attendees

At this Zoom open house meeting, we shared project history and overview, project design, other downtown Chaska projects, public engagement opportunities, final design and preliminary construction schedule, and next steps. This event was promoted through email blasts, Facebook, postcards, and the project website.

Key Themes

Questions about the number of parking stalls replaced.

Questions about traffic flow with the proposed two-lane design and if it can handle growth in traffic volumes.

Questions about timing and staging of construction, which parts will be taking place simultaneously.

Questions about planned improvements for an additional southbound lane on Hwy 41 and left turn lane on northbound Hwy 41.

Questions about easements and the right of way process.

General interest in total project cost.

Check out answers to these questions in the FAQ PDF in the "Documents" tab on the website!

Next Steps

Finalize the Vision

May-July 2021

Open House #2

Develop Construction Plans
