

## **Snap-On Drive and Moore Street Improvements Project**

July 2021

### **Private Utilities**

Mid-American Energy will also be working in the area to relocate the gas lines. This work is not under the direction or supervision of the City but is necessary to prepare for the proposed utility and street construction and to update their aging facilities.

AMU, Mediacom and Century Link will also be working throughout the project to relocate utility poles and communication line utilities as necessary.
