

## Project Update—October 4, 2018

### Week of October 1

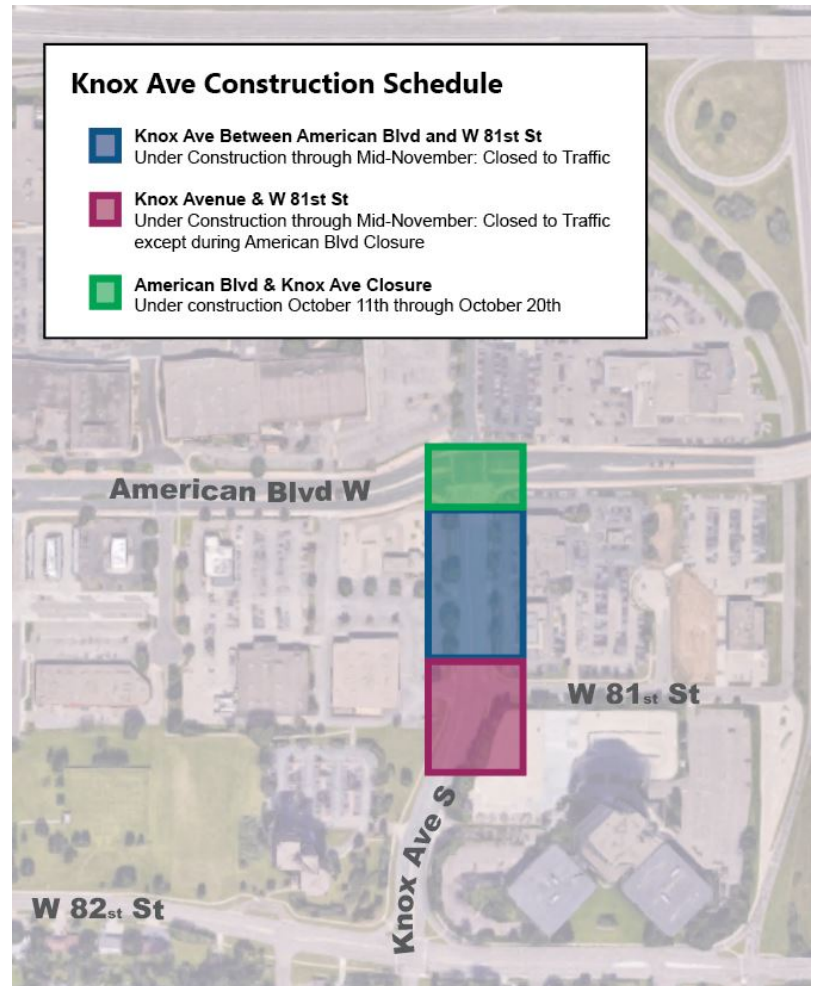

This week, watermain work concluded on Knox Ave. Sanitary sewer work also finished, and storm sewer work began on Knox Ave. Trenchless watermain work continued at the Knox and American intersection.

Watermain work will begin in the middle of the intersection of American and Knox this Friday. Current traffic movements will not be affected by this work.

### Week of October 8

Next week, storm sewer work will continue on Knox Ave, along with trenchless watermain work at the Knox/American intersection.

**The American Blvd and the Knox Ave intersection will be fully closed beginning Thursday, October 11 (see page 2 for detour map).** The intersection will be closed for 10 calendar days while utility, signal, and paving work occurs in the intersection. Advanced warning signs have been placed on nearby streets so those travelling in the area will be aware of the upcoming work. During this closure, the intersection of Knox Ave and 81st St will be open to provide access to local businesses and a detour will be in place to guide traffic around the American/Knox closure using Penn Ave, 82nd St, and Lyndale Ave. Please note that crews will be working 24/7 until the intersection has reopened.
