

Project Update—December 20, 2018

Week of December 17

Twelve-foot diameter culvert work continued along 82nd Street throughout the week, as well as work on the box culvert west of Knox Ave.

Winter Work Suspension

Crews will be off site December 24-January 6. Twelve-foot diameter culvert and box culvert installation will resume on January 7 near Morgan Circle. Current traffic and business access will not change when work resumes. Regular website and email updates will resume after the suspension is complete.
