

Project Update—January 25, 2018

Week of January 21

Box culvert work continued this week east of Morgan Circle. Trenchless storm sewer finished up south of Morgan Circle.

Excavation support for box culvert work began by Red Lobster. Please note that access to Red Lobster will be maintained throughout construction.

Week of January 28

Box culvert installation will continue east of Morgan Circle, along with excavation work near Red Lobster as weather permits. These tasks will be suspended if conditions are too cold to complete the work.
