

Project Update—March 14, 2019

Week of March 11

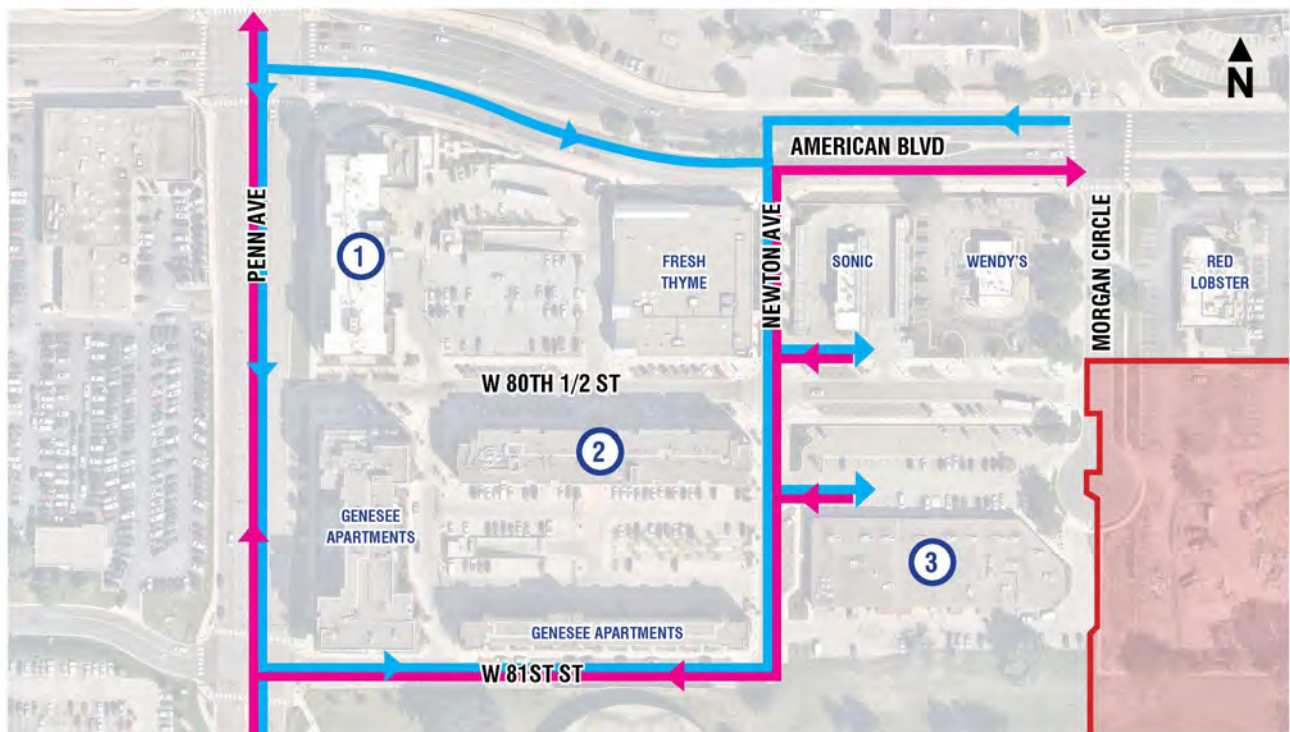

Storm sewer installation wrapped up behind Red Lobster and south of Morgan Circle. Traffic control devices were set up on Morgan Circle in preparation for storm sewer and watermain work next week.

Week of March 18

Storm sewer installation will begin on the east half of Morgan Circle. The east half of Morgan Circle will be closed during this work, which will take about a month. The west side of Morgan Circle will remain open, but using alternate routes will be easier to access businesses (see access map below).

BLOOMINGTON PENN AMERICAN MORGAN CIRCLE ACCESS PLAN
