

# WATER SYSTEM EXPANSION UTILITY IMPROVEMENTS CONSTRUCTION UPDATE

April 16, 2021

## CONSTRUCTION IS RAMPING UP!

Construction activity for the Water System Expansion project will increase over the next few weeks. Here's what you can anticipate:

### INCREASED CONSTRUCTION TRAFFIC

Increased construction activity means an increase in traffic to the site. Additionally, multiple deliveries of project materials are scheduled to take place in the coming weeks.

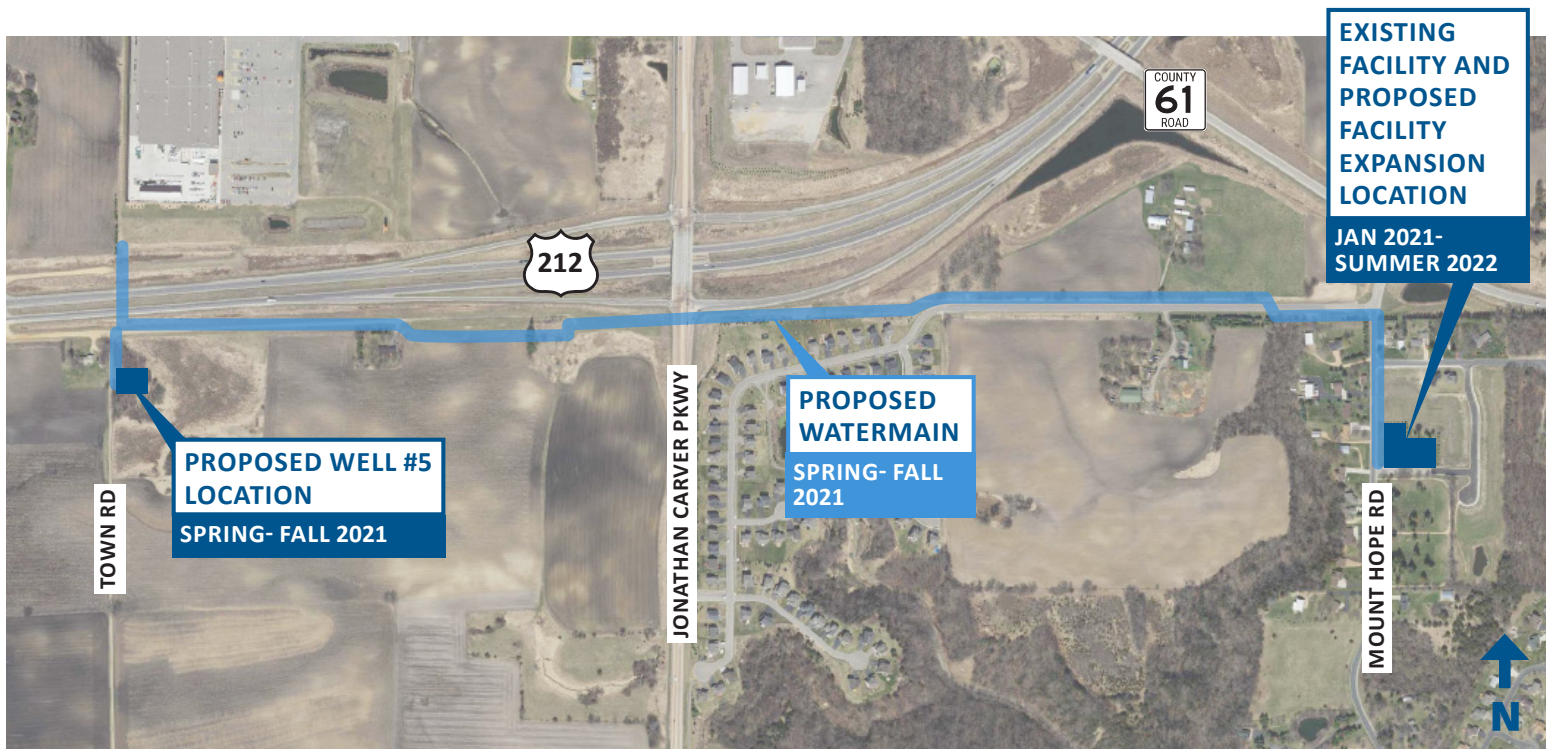

### EROSION CONTROL INSTALLATION

Installation of project erosion control will include installing temporary fencing around the project area to prevent sediment from entering the stormwater system.

### WATERMAIN INSTALLATION

Construction crews are on site actively working from the west side of the project to the east. Crews are installing watermain pipe.

**THANK YOU FOR YOUR PATIENCE AND COOPERATION DURING THIS TIME!**
