Project Overview

In the last 20 years, the Highway 1/Highway 44 intersection has experienced several injury crashes, including two fatalities. This fall, Cass County is installing a roundabout to resolve the safety and operational issues of this intersection. Additionally Highway 1 will be reconditioned from the intersection of TH 84 in Pine River east to the county line. All improvements are funded by the federal state aid funds and the Local Option Sales Tax (LOST).
