

Easton Street & Utility Improvements

Access

As the project moves forward, parking and access to your property will continue to change. When construction is being conducted adjacent to your property you may have to park in the alley, at a neighbor's house or on a side street, where your vehicle is safe and out of the way. Access will be intermittent during underground construction and for longer periods during street grading, curb and pavement construction. Rain will also have an impact on property access. We realize access will be difficult and thank you for your patience. We will communicate access restrictions on a regular basis throughout the project. You may contact Wade Bartz to discuss your needs and concerns.
