## Week of June 3

- Temporary mailboxes were installed on Cascade Avenue on Thursday for all affected residents.
- Crews reclaimed Chesterfield Way, 200<sup>th</sup> Street, Chili Avenue, and Chevelle Avenue where storm sewer is being installed.
- The contractor removed driveways and curb where the storm sewer is proposed to be installed.
- Spot curb and gutter was marked throughout the entire project area.

## Week of June 10

- Storm sewer installation will begin.
- Spot curb removal will occur for both Phase 1 and 2. New curb is planned to be poured in these locations early the week of June 17<sup>th</sup>. Notices will be handed out stating which day curb will be poured. Please refrain from driving on new curb for 7 days. If a piece of new curb is poured in front of your driveway please plan to park on the street in front of your home outside of working hours.

## Parking, access, and detour information

During construction, the contractor will typically work from 7 a.m. to 7 p.m. On-street parking will not be available during working hours. If you need to leave past 7 a.m., you may need to park on another nearby street. Access to driveways will be restored at the end of each work day. If you have a camper or a boat that you need a place to park during the concrete work the Township has approved parking in the Town Hall Parking Lot off of 197<sup>th</sup> Street.
