

2019 Street Improvements Project Update

August 19, 2019

Please view the phasing map on page two.

Week of August 12

- Sod was placed throughout the Phase 1 and Phase 2 areas. The contractor is responsible for maintaining the sod for a period of 30 calendar days from installation. Although the contractor is responsible for maintaining the sod, they would greatly appreciate any assistance you can give them by watering the sod to help with establishment. Notices were handed out to all residents who received new sod. The notices provide tips for helping the sod establish.
- The contractor raised manhole lids and gate valve boxes.
- Gravel driveway restoration was completed.
- Paving of the second lift of pavement was completed.

Week of August 19

- Mailboxes for the Phase 1 Full Reconstruct Area will be reinstalled on Tuesday. Please make sure your mailbox is accessible to the contractor for reinstallation.
- As mentioned in the newsletters, any damage to private features (such as irrigation) within the Township right of way will not be repaired, replaced, or altered by the Township or the contractor. It is recommended that any irrigation repairs be scheduled shortly after the topsoil has been installed.

Parking, access, and detour information

During construction, the contractor will typically work from 7 a.m. to 7 p.m. On-street parking will not be available during working hours. If you need to leave past 7 a.m., you may need to park on another nearby street. Access to driveways will be restored at the end of each work day.

Contacts

If you have any questions or concerns regarding this update or the project in general, please contact **Eric Hauser** at **(507) 276-6695**.
