

# 2019 Street Improvements Project Update

August 26, 2019

*Please view the phasing map on page two.*

## Week of August 19

- Mailboxes for the Phase 1 Full Reconstruct Area were reinstalled.
- The neighborhood portion of the project has been substantially completed. A few small items remain for the contractor to complete, but a schedule has not been established for this work.

## Week of August 26

- No major work is planned for this week.

## Parking, access, and detour information

All project streets are open for Empire residents to utilize, but it is still a construction zone, so please slow down, especially while workers are present. Residents will have access to their driveways for the remainder of the project, but keep in mind that short access delays may still occur. During the day, streets with work occurring may inhibit through access where the contractor is currently working. Residents will still have access to their driveways from one way or the other on the street – you may just have to go around the block.

We apologize for the inconveniences of the project and appreciate your patience while we work to improve your roads and utilities!

## Contacts

If you have any questions or concerns regarding this update or the project in general, please contact **Eric Hauser at (507) 276-6695**.

**Be sure to sign up for email updates on the project website!**
