

CONSTRUCTION NOTICE

On Monday August 28th, crews will begin preparing for concrete curbs in the areas shown below. Once this starts, you will lose access to your driveway for a few weeks. Please remove any needed vehicles from driveways/garages prior to the 28th.

Please contact Justin at 612-258-1460 or Derek at 507-525-2685 with any questions.

As a general rule, please do not touch, walk, or drive on any new concrete you are seeing for the first time. You may walk on new concrete after 24 hours and drive after 7 days.
