

City of Hampton 2019 Street & Utility Improvements

May 1, 2020

CONSTRUCTION UPDATE

O'Malley Concrete is scheduled to remove and replace deficient concrete curb and gutter and concrete driveways under warranty on all stages of the project on **Tuesday, May 5th, 2020.**

Please have your vehicles out of your driveway by 9 am on the date above.

The contractor will remove failed concrete marked with paint. It will then be re-installed with new concrete. Failed concrete was identified within your driveway area and will affect your driveway access. All work will be completed in one day, weather dependent.

While the concrete is curing, there will be no access to your driveway. Access will be allowed again after the concrete has sufficient strength, a full **3 days** after installation.

Parking will be allowed in the project area after the work is completed.

We apologize for any inconvenience this may cause you. If you have any questions or concerns during construction, please call **Brad Fisher at (612) 759-7240.**
