

# Lanesboro Highway 250 Reconstruction Project

The City of Lanesboro, in partnership with MnDOT, plans to reconstruct Hwy 250 from the bridge over the Root River to Hwy 16. The project will coordinate efforts to improve the overall infrastructure of the area and address safety concerns.

## This Project Will:

Reconstruct Highway 250

Replace city utilities and stormwater facilities

Improve crossings, sidewalks, and trails for bikes & pedestrians

Improve vehicle, bicycle and pedestrian safety

## Project Area

Visit the project website:  
[Lanesboro250Project.com](https://lanesboro250project.com)

## Project Timeline

- March 25, 2025 – Public open house for preliminary layouts
- Spring 2025 to Summer 2025 – Final layout proposal development
- Summer 2025 – Outreach meetings with business owners to gather input on proposed final layout.
- August 28, 2025 – Open house for final layout and preliminary assessment information
- Fall 2025 to Fall 2026 – Outreach meetings with business and property owners to collaborate on planning and construction staging
- Fall 2026 – Public open house for construction staging, business access, and assessment information
- Early 2027 – Project bidding
- Spring 2027 – Public open house for additional assessment information and what to expect during construction

We're hosting one-on-one meetings with businesses in Lanesboro to discuss the Highway 250 Reconstruction Project.
