

13-21 CONSTRUCTION UPDATE

June 6, 2019

Stage 1 prepares for paving

Stage 1 of the Highway 13 Reconstruction project began Monday, May 13, and is scheduled to last about 5 weeks. Stage 1 includes Highway 13 from Highway 282 to just east of Vergus Ave. During this time, Stage 1 will be closed, and traffic will be detoured via Marschall Rd and County Road 42. [Click here to view the full Highway 13 staging map.](#)

Weekly work update

This week, storm sewer/culvert replacement continued, as well as grading of the roadway. Paving is anticipated to occur late next week, weather permitting. Residents will still have access to their homes during paving, but there may be a short delay as the paving machine crosses the Vergus Ave intersection.

Resident information

Access will still be maintained in the Stage 1 for residents travelling to or from their homes. Those exiting or entering their neighborhood using Vergus Ave north of Hwy 13 are asked to travel straight through the Vergus intersection and continue south—see access map. Garbage and mail pickup will continue as normal. The contractor will be working Monday-Saturday 7 a.m. to 7 p.m.

What about stage 2?

Stage 2 is expected to start later this month. Advanced construction signage will be in place one week before this work begins. Residents will receive a notice at their door before work begins with more information.

Stay informed

Weekly updates will be posted on the project website and send out to those subscribed for project updates. If you have any concerns during construction, please reach out to the project email or hotline listed below.
