

# 13-21 CONSTRUCTION UPDATE

## Stage 1 & 2

June 26, 2019

### Staging information

- **Stage 1** includes Highway 13 from Highway 282 to just east of Vergus Ave. View the Stage 1 resident access map for the best routes for residents that live around the Stage 1 area.
- **Stage 2** includes Highway 13 from just west of 180th St to just west of Fairlawn Ave.
- [Click here to view the full Highway 13 staging map](#)

### Project update

#### Stage 1

Work on this section has taken longer than expected due to the need for additional soil corrections encountered during the installation of the large storm sewer pipe. Because of this, the stage area will remain closed, and work will continue in conjunction with Stage 2. We apologize for the delay in this area, and we appreciate your patience as the crews address this unforeseen situation. During construction in this stage, the roadway will be closed to all traffic. Please see below and page two for access information.

#### Stage 2

Work in this area is scheduled to begin Monday, July 1 and is expected to last until late July/early August. During construction in this stage, the roadway will be closed to all traffic except for residents and businesses with a driveway directly off Highway 13. Please see below and page two for access information.

### Access information

#### Stage 1

Stage 1 is closed to all traffic. Those who live north of Highway 13 in the Stage 1 area are asked to travel straight through the Vergus intersection for access in and out of their neighborhood. Please see page two for recommended routes.

#### Stage 2

Stage 2 is closed to all traffic except for residents or businesses with a driveway directly off Highway 13. Please see page two for recommended routes during this closure. Access to driveways off of Hwy 13 will vary during the construction of Stage 2. Residents will begin by using route 2A to access driveway for about the first two weeks. The route will then shift to 2B, and access will be maintained from the south.

***For the safety of the workers and yourself, please do not drive in either the Stage 1 or Stage 2 areas and use alternate routes identified in the access map on page two.***
