

13-21 CONSTRUCTION UPDATE

Weekly Update

July 18, 2019

Staging information

- **Stage 1** includes Highway 13 from Highway 282 to just east of Vergus Ave. View the Stage 1 resident access map for the best routes for residents that live around the Stage 1 area.
- **Stage 2** includes Highway 13 from just west of 180th St to just west of Fairlawn Ave.

Project update

Stage 1

Crews continued to work on soil corrections encountered during the installation of the large storm sewer pipe. Crews also work on grading ditch areas and turn lanes. This work is anticipated to continue next week. We apologize for the delay in this area, and we appreciate your patience as the crews address this unforeseen situation. Both stage 1 and stage 2 are anticipated to reopen by early/mid-August.

Stage 2

Crews continued culvert work and began grading ditch areas. Next week, crews will work on installing culverts at driveway ends. Weather permitting, crews will begin grading the road in preparation for paving. Both stage 1 and stage 2 are anticipated to reopen by early/mid-August.

Access information

Stage 1

Stage 1 is closed to all traffic. Those who live north of Highway 13 in the Stage 1 area are asked to travel straight through the Vergus intersection for access in and out of their neighborhood. Please refer to the map on page 3 for available routes.

Stage 2

Stage 2 is closed to all traffic except for residents or businesses with a driveway directly off Highway 13. Please refer to the map on page 3 for available routes. Access to driveways off of Hwy 13 will vary during the construction of Stage 2. Please use route 2B to access homes (see page 3).

For the safety of the workers and yourself, please do not drive in either the Stage 1 or Stage 2 areas and use alternate routes identified in the access map on page three.
