CSAH 22 (TH 112 Turnback) Improvements Project – Water Main Shut Down

(Le Sueur, MN): The City of Le Sueur and S.M. Hentges will be conducting a water main shutdown on North Main Street on Thursday, April 23, 2020 from approximately 3:0 am to 9:00 am. The shutdown is required to install new watermain valves in the intersection of Bridge Street/North Main Street/TH 93 and on North Main Street just south of Swan Street. The shutdown time is to accommodate the businesses located along North Main Street.

Anyone interested in receiving e-mail updates for the CSAH 22 (TH 112 Turnback) Improvements project can do so by visiting the project website and registering for the email sign up list:
