The 2018 Street Improvements Project includes the reconstruction of various streets, storm sewer, and watermain throughout the City of Orono. This includes milling existing pavement sections and overlaying new bituminous pavement on Vine Place as well as Lyric Avenue from Livingston Avenue to Blaine Avenue. Additionally, mill and overlay work with storm sewer replacement and guardrail installation will be performed on Leaf Street from Bayside Road to Watertown Road and Forest Lake Landing. Work to be completed on West Lafayette Road includes watermain and water service replacement, reclamation of the bituminous surface, and construction of curb and gutter in some areas. Construction activities on Wildhurst Trail and Minnetonka Highlands Lane include storm sewer construction, curb and gutter and guardrail or portions of the roadway, and reclamation of the bituminous surface. Lastly, the northern end of Linden Lane will be realigned with some culvert replacement as well.

Project Hotline  
612-554-5855

## WEEK OF JUNE 11

Reclamation of the pavement on West Lafayette Road is slated to begin on Friday. Erosion control elements were installed on Thursday and Friday as well. Unfortunately, due to unexpected events, the contractor has moved pavement removal on Leaf Street, Vine Place, Linden Lane and Lyric Avenue to next week.

*\*Please note that all scheduling claims are subject to change.*

## WEEK OF JUNE 18

Pavement removals will begin on Leaf Street, Vine Place, Linden Lane and Lyric Lane. Storm sewer crossings on Leaf Street and Linden Lane should be completed. If everything goes well, paving could occur on Vine Place and Lyric Avenue by the end of the week. If so, notice will be given to the affected residents.

If you have specific access concerns or questions that need to be addressed, please do not hesitate to contact the project personnel listed at the end.
