

# CITY OF ORONO: OLD CRYSTAL BAY ROAD

July 6, 2018

OVERVIEW

PROGRESS

ACCESS

UPDATES

CONTACT

Old Crystal Bay Road, from Wayzata Boulevard to 6th Avenue North, is set to be fully reconstructed, widened, with turn lane additions to help improve traffic flow along the corridor. Work includes watermain replacement, storm sewer replacement and improvements, and full reconstruction of the pavement surface. Curb and gutter will be added to portions of the roadway along with sections of a center median and street lighting. Additionally, entrances to school parking areas will be reconstructed to better accommodate traffic flow.

*\*Please note that all scheduling claims are subject to change.*

## WEEK OF JULY 2

The contractor continued with watermain construction near the elementary school entrances. Additional pavement removal occurred near the Intermediate School and Kelley Parkway.

Crews also worked to grade the parking lot areas for the High School and Middle School parking lots. This work will continue for the remainder of the week and into the next, working north to south.

## WEEK OF JULY 9

The contractor's pipe crews will temporarily switch over from watermain to storm sewer working north to south, starting at the High School and Middle School entrances. This will allow the grading crews to continue to make progress without interruption.

During this time, there will be brief closures of the middle school and high school entrances. This will continue to the elementary school later in the week. There will be temporary closures of one access point at a time. One access will always remain open.

It is advised to access intermediate and elementary schools from Wayzata Boulevard for the week of July 9<sup>th</sup>. Those accessing the Ice Arena, Ballpark, High School or Middle School, should utilize CSAH 6.

If you have specific access concerns or questions that need to be addressed, please do not hesitate to contact the project hotline at the number below.
