

CITY OF ORONO: OLD CRYSTAL BAY ROAD

July 12, 2018

OVERVIEW

PROGRESS

ACCESS

UPDATES

CONTACT

Old Crystal Bay Road, from Wayzata Boulevard to 6th Avenue North, is set to be fully reconstructed, widened, with turn lane additions to help improve traffic flow along the corridor. Work includes watermain replacement, storm sewer replacement and improvements, and full reconstruction of the pavement surface. Curb and gutter will be added to portions of the roadway along with sections of a center median and street lighting. Additionally, entrances to school parking areas will be reconstructed to better accommodate traffic flow.

**Please note that all scheduling claims are subject to change.*

WEEK OF JULY 9

Storm sewer work was completed between the Elementary and High Schools. Friday, there will be a full-day water shut down at the High School as service is transitioned from the old main to the new main.

WEEK OF JULY 16

Storm sewer construction will continue between the Elementary and High Schools. The contractor then will switch to road building from the High School and Middle School entrances and head south.

During this time, there will be no way for thru traffic to get from Wayzata Boulevard to CSAH 6 without using the posted detour.

It is advised to access intermediate and elementary schools from Wayzata Boulevard for the week of July 16th. Those accessing the Ice Arena, Ballpark, High School or Middle School, should utilize CSAH 6.

If you have specific access concerns or questions that need to be addressed, please do not hesitate to contact the project hotline at the number below.
