CONTACT

The 2018 Street Improvements Project includes the reconstruction of various streets, storm sewer, and watermain throughout the City of Orono. This includes milling existing pavement sections and overlaying new bituminous pavement on Vine Place as well as Lyric Avenue from Livingston Avenue to Blaine Avenue. Additionally, mill and overlay work with storm sewer replacement and guardrail installation will be performed on Leaf Street from Bayside Road to Watertown Road and Forest Lake Landing. Work to be completed on West Lafayette Road includes watermain and water service replacement, reclamation of the bituminous surface, and construction of curb and gutter in some areas. Construction activities on Wildhurst Trail and Minnetonka Highlands Lane include storm sewer construction, curb and gutter and guardrail or portions of the roadway, and reclamation of the bituminous surface. Lastly, the northern end of Linden Lane will be realigned with some culvert replacement as well.

If you have specific access concerns or questions that need to be addressed, please do not hesitate to contact the project personnel listed at the end.

WEEK OF JULY 30

Guard rail installation and striping was completed on Leaf Street. The forcemain was replaced and storm sewer work began on Minnetonka Highlands Lane.

A special thank you to the residents of West Lafayette Road for dealing with extended construction traffic and temporary road closures this past week. Thank you for your patience.

*\*Please note that all scheduling claims are subject to change.*

WEEK OF AUGUST 6

Pavement reclamation is tentatively scheduled for Minnetonka Highlands Lane, Wildhurst Trail, and Forest Lake Landing on August 7<sup>th</sup>. Storm sewer work will follow on those same streets upon completion and water service replacement will begin on West Lafayette Road. Grading and paving of Minnetonka Highlands Lane and Linden Lane could begin as early as the week of August 13<sup>th</sup> as we look ahead.
