

# CITY OF ORONO: OLD CRYSTAL BAY ROAD

August 16, 2018

OVERVIEW

PROGRESS

ACCESS

UPDATES

CONTACT

Old Crystal Bay Road, from Wayzata Boulevard to 6th Avenue North, is set to be fully reconstructed, widened, with turn lane additions to help improve traffic flow along the corridor. Work includes watermain replacement, storm sewer replacement and improvements, and full reconstruction of the pavement surface. Curb and gutter will be added to portions of the roadway along with sections of a center median and street lighting. Additionally, entrances to school parking areas will be reconstructed to better accommodate traffic flow.

*\*Please note that all scheduling claims are subject to change.*

## WEEK OF AUGUST 13

Storm sewer work is slated to be completed by the end of the week. Roadway restoration will begin on Friday. Old utility poles were removed and service was transferred to new poles. Concrete sidewalks and medians, and light pole foundations were poured.

Thank you for your cooperation with traffic flow. The next few weeks will be congested as crews work to finish before the school year begins. Stay tuned for further updates regarding access needs.

## WEEK OF AUGUST 20

Curb and gutter for the south half of the corridor is scheduled for Tuesday and Wednesday. The contractor will also be backfilling behind curbs and in boulevards to prepare for turf restoration.

After curb is cured, final grading and base course paving will occur, hopefully early the following week followed by sidewalks, trails, final paving and striping as we look ahead.

Most of next week, access to all facilities should come from CSAH 6, as much of the work will be done in the area of the Elementary School and to the south. Please use parking lots as much as possible to navigate around construction traffic. Thank you again for your cooperation.

If you have specific access concerns or questions that need to be addressed, please do not hesitate to contact the project hotline at the number below.
