CONTACT

The 2018 Street Improvements Project includes the reconstruction of various streets, storm sewer, and watermain throughout the City of Orono. This includes milling existing pavement sections and overlaying new bituminous pavement on Vine Place as well as Lyric Avenue from Livingston Avenue to Blaine Avenue. Additionally, mill and overlay work with storm sewer replacement and guardrail installation will be performed on Leaf Street from Bayside Road to Watertown Road and Forest Lake Landing. Work to be completed on West Lafayette Road includes watermain and water service replacement, reclamation of the bituminous surface, and construction of curb and gutter in some areas. Construction activities on Wildhurst Trail and Minnetonka Highlands Lane include storm sewer construction, curb and gutter and guardrail or portions of the roadway, and reclamation of the bituminous surface. Lastly, the northern end of Linden Lane will be realigned with some culvert replacement as well.

If you have specific access concerns or questions that need to be addressed, please do not hesitate to contact the project personnel listed at the end.

WEEK OF SEPTEMBER 10

Final grading was completed on West Lafayette Road and Minnetonka Highlands Lane in preparation for the first lift of pavement scheduled for Friday. Excess material and preliminary staking and grading occurred on Forest Lake Landing and Wildhurst Trail.

**Please note that all scheduling claims are subject to change.*

WEEK OF SEPTEMBER 17

Final paving is scheduled for mid-week on West Lafayette Road and Minnetonka Highlands Lane. Grading is scheduled for Linden Lane, Forest Lake Landing, and Wildhurst Trail. Curb construction on Forest Lake Landing and Wildhurst Trail is tentatively scheduled for late in the week or sometime the week of the 24th. Thank you for your cooperation throughout the summer as we close in on the final stages of the project. Turf restoration will be ongoing throughout the next few weeks.
