

# CITY OF ORONO: OLD CRYSTAL BAY ROAD

September 14, 2018

OVERVIEW

PROGRESS

ACCESS

UPDATES

CONTACT

Old Crystal Bay Road, from Wayzata Boulevard to 6th Avenue North, is set to be fully reconstructed, widened, with turn lane additions to help improve traffic flow along the corridor. Work includes watermain replacement, storm sewer replacement and improvements, and full reconstruction of the pavement surface. Curb and gutter will be added to portions of the roadway along with sections of a center median and street lighting. Additionally, entrances to school parking areas will be reconstructed to better accommodate traffic flow.

*\*Please note that all scheduling claims are subject to change.*

## WEEK OF SEPTEMBER 10

It was still a relatively busy week on Old Crystal Bay Road as site cleanup, turf restoration, and trail grading continued. Additionally, private utilities were buried and relocated to accommodate final project components. Structure and valve castings were raised, ditch grading and stabilization was ongoing throughout the week.

## WEEK OF SEPTEMBER 17

Trails are slated for paving in the middle of the week. An alteration will also be made to the High School entrance to more easily accommodate bus traffic. Ditch grading and stabilization will continue throughout the week as well as final turf restoration. There is no schedule currently for the final lift of pavement, but we will update you as soon as that is available.

Thank you for your continued cooperation throughout the summer. We will continue to update you as final project aspects are completed throughout the fall.

If you have specific access concerns or questions that need to be addressed, please do not hesitate to contact the project hotline at the number below.
