UPDATES

CONTACT

Old Crystal Bay Road, from Wayzata Boulevard to 6th Avenue North, is set to be fully reconstructed, widened, with turn lane additions to help improve traffic flow along the corridor. Work includes watermain replacement, storm sewer replacement and improvements, and full reconstruction of the pavement surface. Curb and gutter will be added to portions of the roadway along with sections of a center median and street lighting. Additionally, entrances to school parking areas will be reconstructed to better accommodate traffic flow.

**Please note that all scheduling claims are subject to change.*

WEEK OF SEPTEMBER 17

Unfortunately, the weather was extremely uncooperative this past week. Some trail grading and turf restoration occurred, but for the most part many of the construction activities were forced to next week.

WEEK OF SEPTEMBER 24

Trails are slated for paving early to mid-week. Additional sidewalk near the pedestrian crossing, and revisions to the high school entrance are scheduled to begin next week and will continue throughout the week. These areas will remain open to traffic and the contractor will try to work around peak traffic hours.

Thank you for your continued cooperation throughout the summer. We will continue to update you as final project aspects are completed throughout the fall.

If you have specific access concerns or questions that need to be addressed, please do not hesitate to contact the project hotline at the number below.
