

# CITY OF ORONO: OLD CRYSTAL BAY ROAD

October 12, 2018

OVERVIEW

PROGRESS

ACCESS

UPDATES

CONTACT

Old Crystal Bay Road, from Wayzata Boulevard to 6th Avenue North, is set to be fully reconstructed, widened, with turn lane additions to help improve traffic flow along the corridor. Work includes watermain replacement, storm sewer replacement and improvements, and full reconstruction of the pavement surface. Curb and gutter will be added to portions of the roadway along with sections of a center median and street lighting. Additionally, entrances to school parking areas will be reconstructed to better accommodate traffic flow.

WEEK OF OCTOBER 15

Thursday through Sunday next week has been tabbed for final paving and striping to coincide with MEA on the school's calendar. Please avoid driving on Old Crystal Bay Road if at all possible during these days as we have a short window to complete this work while school is not in session.

Thank you for your continued cooperation throughout the summer. We will continue to update you as final project aspects are completed throughout the fall.

*\*Please note that all scheduling claims are subject to change.*

WEEK OF OCTOBER 8

Between the ongoing rain and the project nearing completion, there was not a lot that went on this week. Grading and turf restoration was touched up, remaining trail locations were prepped, site cleanup continued and final structures were raised in preparation for final paving next week.

If you have specific access concerns or questions that need to be addressed, please do not hesitate to contact the project hotline at the number below.
