

Southview Boulevard Improvement Project Project Update – May 10, 2018

The Southview Boulevard Improvement Project begins Monday, May 14. As part of the preparation for the street reconstruction, **certain fences along the corridor will be removed during the week of May 14.**

While we try to avoid removing fences to the extent possible, it is necessary to remove some fences that will be impacted by construction. Fences that need removal will be replaced with temporary fences during construction.

Our goal is to minimize inconveniences for all residents during this construction project, and we thank you in advance for your patience and cooperation. Additional project information can be found on the project website. If you have any questions or concerns during construction, please call **the project hotline at (612) 619-6284.**

Thank you for your continual patience and cooperation throughout the process of improving your street and utilities!
