

## Southview Boulevard Improvement Project Construction Update – *May 10, 2018*

---

The Southview Boulevard Improvement Project begins Monday, May 14. As part of the preparation for the street reconstruction, certain trees along the corridor will be removed during the week of May 14.

While we try to avoid removing trees to the extent possible, it is necessary to remove some trees that will be impacted by construction. Trees that will need to be removed are being marked with ribbon. The city of South St Paul will be planting new trees as a part of the project.

We apologize for any inconvenience this may cause you. If you have any questions or concerns during construction, please call **the project hotline at (612) 619-6284**.

*Thank you for your continual patience and cooperation throughout the process of improving your street and utilities!*
