

Southview Boulevard Improvement Project Construction Update – May 24, 2018

Construction is scheduled to begin on Thursday, May 31, in the Phase 1, Stage 3 area identified in the map and is anticipated to last until the end of July. Work will begin with tree removals and then pavement removals will occur the week of June 4th. Watermain construction is scheduled to begin shortly after pavement removals are complete. The project contractor (Park Construction) will typically be working 7 a.m. to 7 p.m. Monday through Friday, with some Saturday work.

Access and Detour

During this time, the roadway will be closed to thru traffic but will remain open, when possible, for residents and businesses to access their driveways. Access to individual driveways may be unavailable at times during working hours, but access will be restored each night. Traffic and transit stops will be detoured to Marie Ave during this time.

Contacts

Our goal is to minimize inconveniences for all residents and business owners during this construction project, and we thank you in advance for your patience and cooperation. Additional project information can be found on the project website. If you have any questions or concerns during construction, please call the project hotline at **(612) 619-6284** or contact the project email at **southview@bolton-menk.com**.
