

PROJECT UPDATE

June 8, 2018

Phase 1 (see staging map on page 2 for specific locations)

Stage 1 and Stage 2 (May –End of July)

Week of June 4 Recap

- Watermain was installed from 20th Ave to 18th Ave. Pressure and other testing of the new main is now occurring
- Watermain work continued working eastward from 18th Ave

Week of June 11 Activity

- Watermain installation will occur between 18th Ave and 15th Ave
- Storm sewer work will occur from 20th to 18th Ave

Stage 3 (May –End of July)

Week of June 4 Recap

- Curb and gutter, sidewalks, retaining walls, and marked light poles were removed
- Preliminary temporary water installation work continued

Week of June 11 Activity

- Temporary water will continue being set up and tested. Please refer to the temporary water notice in the construction tab for more information regarding temporary water.

Southview Center and Fire Hall Parking Lot Reconstruction

Phase 1

Week of June 4 Recap

- Striping was painted in Phase 1 of the Southview Center parking lot

Week of June 11 Activity

- Phase 2 of the Southview Center parking lot will begin on Monday, June 11
- Concrete will be installed in both the Southview Center and Fire Hall parking lots

Parking and Access Information

During construction in a specific phase, the roadway will be closed to thru traffic but will remain open for residents and businesses to access their driveways. All north-south dead end intersections will also be maintained so residents and businesses may access their driveways. Access to individual driveways may be unavailable at times during working hours, but access will be restored each night. Traffic and transit stops will be detoured to Marie Ave during this time. The project contractor (Park Construction) will typically be working 7 a.m. to 7 p.m. Monday through Friday, with some Saturday work.

Thank you for your patience throughout this process! Be sure to sign up for email updates at the project website. If you have any concerns, please contact the project hotline listed below.
