- Concrete intersection was removed at 3rd Ave and Marie

### Week of June 18 Activity

- Watermain work will occur at 4th Ave and Southview
- Stormsewer work will occur

## Southview Center and Fire Hall Parking Lot Reconstruction

Phase 2

### Week of June 11 Recap

- Pavement and curb was removed at the Fire Hall and Southview Center

### Week of June 11 Activity

- Concrete and pavement will be installed in both the Southview Center parking lot
- Curb and gutter and driveway entrance will be installed at the Fire Hall

## Parking and Access Information

During construction in a specific phase, the roadway will be closed to thru traffic but will remain open for residents and businesses to access their driveways. All north-south dead end intersections will also be maintained so residents and businesses may access their driveways. Access to individual driveways may be unavailable at times during working hours, but access will be restored each night. Traffic and transit stops will be detoured to Marie Ave during this time. The project contractor (Park Construction) will typically be working 7 a.m. to 7 p.m. Monday through Friday, with some Saturday work.

Thank you for your patience throughout this process! Be sure to sign up for email updates at the project website. If you have any concerns, please contact the project hotline listed below.
