the project website
for updates!

OVERVIEW

The Contractor for the project has not yet completed its work. Many unresolved items, including grass restoration, site cleanup, and other components will be addressed in the coming weeks.

Roadway, utility service, and sidewalk will remain accessible during the course of the work. Periodic restrictions may occur throughout the workday. We encourage residents and visitors to remain alert of workers and maintain caution when traveling in the work zone.

A construction update notice, such as this one, will be provided upon the Contractor completing its work.

In the meantime, please feel comfortable calling the City Infrastructure Engineer at (712) 363-8638 with any inquiries.

CONTACTS

If you have questions or concerns at any time, please contact Bolton & Menk at the phone numbers or email addresses listed.
