## Overview

The City of Willmar is undertaking a construction project to improve the city Block 22 Parking Lot and the Sunrise Path. The project includes parking lot reconstruction and path reconstruction.

## Project Timeline

The following is a tentative schedule for the construction in each project area:

### Block 22 Parking Lot Improvements:

- Removal of concrete curb & gutter and parking lot surface will start on May 24<sup>th</sup> and continue through the week of May 29<sup>th</sup>. We request that all vehicles be removed from the parking lot the evening of May 23<sup>rd</sup>, 2023.
- Construction of the improved Block 22 Parking Lot is tentatively scheduled to be complete end of June 2023.

### Sunrise Path Improvements:

- Removal of the bituminous path will start the week of June 5<sup>th</sup>, 2023.
- Construction of the improved Sunrise Path Project is tentatively scheduled to be complete end of June 2023.

In the interest of safety, the Block 22 Parking Lot and Sunrise Path will be closed to public during construction. If construction is delayed due to inclement weather, assume it will proceed the following day.

## Construction

### Work Area

It is very common on these types of projects that area residents (especially children) become quite curious about the work the Contractor is performing. We ask that you please be respectful of and stay well clear of construction zones. Many hazards and dangers exist from heavy machinery, trenches, loose material, confined spaces, hot asphalt, etc. and often times are not recognizable by the general public. The Contractor has responsibility to ensure safety on the project and within the construction area.

## Contacts

Moving forward, all project updates will be provided electronically on the City of Willmar's Construction Project Website, [www.WillmarConstruction.com](http://www.WillmarConstruction.com). Please sign up for email and text message updates on the project website. We encourage you to watch the "What to Expect During Construction" video located on the project website for more information on what to expect during the construction process. If special access accommodations are needed or if you have questions or concerns at any time, please contact any of the people listed on the left side of the front of this newsletter. Thank you in advance for your understanding and cooperation with this improvement project.
