If you wish to receive a direct email with the newsletter, you may sign up for this also on the website.

## PROJECT STATUS AND UPCOMING WORK

- For the week of July 8, expected work includes the following:
  - Installation of hydrants on the east end of Fremont Lane where the main has been installed.
  - Installation of storm sewer on the east end of Fremont Lane.
  - Installation of a sanitary sewer manhole near 12075 Fremont Lane.
  - Installation of dewatering on the west end of Fremont Lane in preparation of additional watermain installation next week.
  - CenterPoint's installation of gas services on Terrace Drive should be completed this week.
- Please see to the care of children and other vulnerable individuals during construction and be aware of the movement of construction equipment so that everyone will be safe while the work is being completed.
- The project will certainly create inconveniences and frustrations for residents, so we ask for your patience while work proceeds with this important project.
- Should you have any questions, please feel free to contact Kevin Bittner, City Engineer. His contact information is provided on the left-hand side.
