If you wish to receive a direct email with the newsletter, you may sign up for this also on the website.

## PROJECT STATUS AND UPCOMING WORK

- For the week of October 14, expected work includes the following:
  - Grading of the roadway between the new curbs in preparation for bituminous paving.
  - As of today, we don't have a confirmed date for when paving will occur. At this point, we believe it will be sometime the week of October 21<sup>st</sup>.
  - After the base course paving is completed, the Contractor will complete the backfilling and grading behind the new curb and prepare these areas for seeding and hydro-mulching.
- We appreciate everyone's patience during this construction process.
- Please see to the care of children and other vulnerable individuals during construction and be aware of the movement of construction equipment so that everyone will be safe while the work is being completed.
- Should you have any questions, please feel free to contact Kevin Bittner, City Engineer.
