PROJECT STATUS AND UPCOMING WORK

- For the week of October 21, expected work includes the following:
 - Paving of the bituminous base course is expected to begin Monday afternoon and be completed on Tuesday.
 - Raising of manhole and valve castings will follow the paving work.
 - Paving of bituminous driveways is expected before the end of the week.
 - After the base course paving is completed, the Contractor will complete the backfilling and grading behind the new curb and prepare these areas for seeding and hydro-mulching.
- We appreciate everyone's patience during this construction process.
- Please see to the care of children and other vulnerable individuals during construction and be aware of the movement of construction equipment so that everyone will be safe while the work is being completed.
- Should you have any questions, please feel free to contact Kevin Bittner, City Engineer.
