If you wish to receive a direct email with the newsletter, you may sign up for this also on the website.

PROJECT STATUS AND UPCOMING WORK

- Work completed this past week included installation of watermain east from 5th Street and under County Road 45, as well as watermain west from 5th Street and past 13045.
- There will be no work on Memorial Day.
- Beginning May 30th, the contractor will continue working west with watermain construction and will likely be approaching 13345/13360 by the end of the week.
- Construction progress is always dependent upon weather and other factors and can vary from what is estimated.
- We know the construction work creates extreme inconveniences for getting to and from your properties. Thank you for your patience while the work is underway. Residents are being notified as the work approaches their driveways.
- Please see to the care of children and other vulnerable individuals during construction and be aware of the movement of construction equipment while traveling so that everyone will be safe until the work is completed.
- Should you have any questions, please feel free to contact Kevin Bittner, City Engineer. His contact information is provided on the left-hand side.
